# erying after the mose, the alchemist prolling himself is the laboratory in search of the philosopher's stone, and the countrio mannfacturer striving with might and main to make a silk purse out of a sow's sar. To see so much physical force and mental sorting of the stone of the philosopher's stone, and the promise othing that disappointment is truly saddening fyet there is so much hereic persistative to be found occasionally in human maters that the often peaced fruit see effort forms no example, and we have men as fresh in the field to-day to do impossibilities as they were at the time of Babel. Our morning contemporary shows by crample how much ripor can be misupent in assetting his vidence, in trying to stem the results of the tide. With all me pumposilly, but not with that self-satisfaction which the berbaric chief must have also when the bid the san good morrow, and indicated with his finger the course which the celestial orb should take during the day, the Chronicte Jupiter attempts to remodel society, pai the axis of the earth more on the perpondiculars, and reform the order of excition generally. He has no single process, however, for all the with and discussive the his nostrum half to a weary with the flesh of the Chronicle will bester profession and the self-satisfaction of patent medicines. An assert you what he had not the self-satisfaction of the continual part of the continual parts of the continual parts. The health, and tendeny he prescribes a little quie, a rest feet in the public that unless they take a more profound interest in politics the colory will go to the dogs. This does not prove exactly satisfactory and he calle upon the Assembly in tones of alarm to pass the Incorporation Bill of the Upper Heuse and swet the country.
